

The Point Weekly Bulletin

February 6th – February 13th, 2010

Booster Fan

Cleaning the lint trap in your dryer after every load, as well as the lint screen in your booster fan once a week, will help your dryer to work more efficiently and save you money on your hydro bill. Remember to turn the booster fan on at least 30 min before dryer use for maximum efficiency.

Winter Olympics Torch Relay

A reminder that Tuesday, February 9th, the torch relay will be coming to New Westminster! Visit www.vancouver2010.com for full details.
