

The Point Weekly Bulletin

January 9th – January 16th, 2010

Fireplaces

We have had reports of Fireplaces malfunctioning in some of the units. Please do not leave your Fireplace on when not at home. If you notice a burning smell coming from your Fireplace, you may have a short circuit (See image below). We advise owners to keep a housefile for all items in the home so you can easily reference any maintenance or warranty information.

2010 Winter Olympics – How to get around!

Not sure how to get to various places during the Olympics? Want to know about lane and road closures and other transportation information? Visit travelsmart2010.ca for all the information you need to know about public transit, changes to road access and all other Olympic related transportation information.

What do you think?
