

# The Point Weekly Bulletin

November 22<sup>nd</sup> to November 29<sup>th</sup>

## Farmer's Market THIS WEEKEND

There is an Indoor Farmer's Market happening this weekend at the Port Moody Recreation Center. The Farmer's Market is going from 1pm to 5pm. The Port Moody Recreation centre is located at 300 Loco Road (across from Newport Village).

## Garbage Room Floor

All residents are reminded to ensure that their garbage is placed in the compactor EVERY TIME. Furthermore, at no time should any residents press any of the buttons on the compactor control panel (to the right of the compactor door).

In the last two weeks garbage has been left outside of the compactor because someone didn't feel comfortable with opening the door and putting their garbage in the compactor. As a result, many other residents left garbage outside of the compactor thinking the compactor was full. Going forward, anyone found leaving garbage outside of the compactor will be fined \$50/bag. This is because our caretaker then has to place all the garbage in the compactor that has more than adequate capacity for the garbage generated in the building in a week. If you think the compactor is full or not operating, please call Ben Aghai (number included below).

## Pool, Hot Tub & Spa Closure Continues

Unfortunately, the closure of the Pool, Hot Tub and Spa continues due to an inspection by the City of New Westminster Public Health Department recently.

UPDATE: Onni had the original developer and architect at the building on Thursday to figure out how to expedite the fixes need.

## General Repairs

Onni has contractors fixing the building deficiencies presently. So, if you see anyone working in your hallways there is nothing to be concerned about.
