

The Point Weekly Bulletin

May 17th to May 24th

Fireworks & Hyack Festival

The 2008 Hyack Festival start today, May 17th and runs until May 24th. There will be fireworks TONIGHT at 9:45pm. In addition, there are events all this week throughout New Westminster. To learn more about the events happening this week, please visit www.hyack.bc.ca.

Front Gate Hours

Numerous people have asked what are the hours of the front gate (beside the flower shop). This gate automatically opens at 8:30am and closed at 4:30pm Monday to Saturday. During these times please ensure you stop at the other respective gates to help keep the parkade secure. When the front gate is closed, please also ensure that you wait for the gate to close.

Smoking In Your Suites

Although smoking is not permitted whatsoever in any hallway or common areas, you are able to legally smoke in your suites (as per the Tobacco Control Act, 2008). This being said, if you do smoke in your suite, please consider investing in some sort of door stop/padding for under your front door. A few residents in the building do have health conditions where the smell of smoke could be dangerous for them. As such, if you can help prevent the smell of smoke from entering the hallways everyone would appreciate it.

Security Upgrades Update

As you may have noticed, the security upgrades continue to be completed. Most recently completed was the securing of all external doors (with the exception of the P1 lobby door which is being done soon) and all the Parkade Elevator Doors. This project continues to move forward and we will update you to our progress.

What do you think?

Your Strata Council wants to know your questions and what you think. Email us at thepointstrata@gmail.com
