

The Point Weekly Bulletin

May 2nd to May 9th, 2009

Additional Video Cameras

To help ensure the security of the building's interior, a number of new video cameras have been purchased. These cameras will be placed throughout the building to help augment the coverage available from the existing cameras. The first four have already been installed in the garbage room and to watch the P2/P3 Gate.

Second Hand Store Items In Front of Building

A number of residents have been concerned about the Second Hand Store placing items outside of their front doors for "display". The Strata Council is actively working to resolve this issue so that the area in front of the store remains free of items, especially those left out for "free" in the evenings/all night.

Advanced Voting

Tuesday May 12th (General Voting Day) is quickly approaching. In case residents are not home/available to vote on Tuesday, May 12th (the week after next) a number of Advanced Voting Locations/Days are available.

The Advanced Voting locations are indicated on the bottom of your yellow voting card (that you should have received if you are registered to vote already) and include the New Westminster Lawn Bowling Club (at 710 8th Street) and St. Mary's Anglican Church (at 121 Columbia Street East). These locations are open from 8am to 8pm from Wednesday to Saturday of this week. To learn more or to register to vote, please visit <http://www.elections.bc.ca>.

What Is Needed Next?

The Strata Council is curious to learn what you think the building lacks/needs. Is there any gym equipment you would like to see, new art you'd like to see in hallways, or..... Please email your suggestions on areas for improvement at The Point to info@the-point.ca

What do you think?
