

The Point Weekly Bulletin

May 24th to May 31st

Need Large Car Parking Spots

If anyone has a parking spot designed for a larger car, but actually has a small car, the Strata Council would like to know. We have two residents who have cars that will not fit in the "Small Car" parking spots they have been assigned. If you are willing to switch parking spots, please email thepointstrata@gmail.com.

Turning Appliances Off

To ensure the safety of your unit at all times, residents are reminded to avoid leaving appliances on when they are not home. Leaving appliances on when you are not home can cause leaks and fires to begin un-detected.

H&M and the Apple Store

At Pacific Center (a quick SkyTrain ride away at Granville Station) this Saturday, both these exciting stores will be opening. H&M only has one other location in Greater Vancouver in Coquitlam. The Apple Store will be the first in Western Canada.

Strata Fees Due at End of Month

All residents are reminded that their strata fees are due to Baywest by May 31st. For those of your Pre-Authorized withdrawals setup, you don't have to do a thing. For those of you paying by cheque, please ensure your cheque arrives by May 31st at the Baywest offices. All units with overdue strata fees will be fined and those more than a month overdue will have liens placed against them. To simply the payment of your strata fees, we encourage you to pay by Pre-Authorized payment.

What do you think?

Your Strata Council wants to know your questions and what you think. Email us at thepointstrata@gmail.com
