

# The Point Weekly Bulletin

June 14<sup>th</sup> to June 21<sup>st</sup>

## Heating System Update

After some research, a short-term solution has been found to control the temperature in the parkade and lobby. A more permanent solution is being investigated and will be implemented over the summer to ensure that these floors are heated at appropriate levels.

## Garbage in Emergency Exit Stairwells

Residents are reminded not to place any garbage or items in any of the emergency exit stairwells. One resident was fined substantially in the past two weeks for leaving items in these stairwells. Any residents found leaving any items in the emergency exit stairwells will be fined per item left in the stairwells. Please dispose of items either in the Garbage Room, or if they are too large for our garbage services in the building through a private service such as 1-800-GOT-JUNK.

## Items in Toilets

Residents are reminded to ensure that only toilet paper is disposed of in any toilets in the building. One resident had their toilets back-up due various debris that was disposed of in the toilets from other units. Some of the items found included paper towels.

## New Recycling Toters

In the Garbage and Recycling Room new recycling toters have been installed. These will help keep this room cleaner and ensure that all items can be recycled are able to be. Please ensure that you check the labels on the containers as some of the containers for certain types of goods are in new locations in the room.

### What do you think?
