August 9<sup>th</sup> to August 16<sup>th</sup>

## Fire Alarm Testing Complete

The Strata Council would like to thank all residents for their patience and communication to the strata about their availability for the Fire Alarm Testing. According to the alarm testing company this was one of the best in-suite testing days they have seen, as only 5 suites couldn't be visited on the initial try. Please remember if you have any issues with your smoke detector to let Onni know.

## Keep Eye on Doors

Someone, likely someone not living in the building, has been trying to jam the parkade stairway exit doors open. This is being done so they can come back after hours and likely peruse the parkade for unsavory purposes. The Block Watch team, on their nightly tours, thankfully, has been able to ensure these doors are locked securely. However, please be vigilant and report any suspicious activity you see. The best number to call is the Baywest Emergency Line as they can dispatch a member of the Strata Council to the issue at hand. They can be reached at 604-591-6060.

## 3<sup>rd</sup> Floor Patio Debris

Unfortunately, the residents living on 3<sup>rd</sup> floor of our building continually have to clean up their decks. This is because residents living higher up in the building throw items from their patios (e.g. Cigarette Butts, Bottles, etc.). Please refrain from doing this as it can damage these resident's property. There is also a \$200 fine per item thrown.

## Cat Jumping

Any residents with cats should remember that cats love to jump from patios. Already two cats have jumped from their respective patios down to other patios/street. Please ensure your animals are micro-chipped/tattooed and let the Strata Council know if any animal goes missing so we can assist.
